

BREEDER'S DIRECTORY

PLEASE NOTE: This privilege is reserved for XCA members only and individual kennel names are considered separate listings.
NOTE: Because of the history of this breed, even when breeding's are between dogs of the same size (i.e., Toy to Toy, Miniature to Miniature, Standard to Standard), puppies MAY grow up to be a different size (Toys can produce Minis, Minis can produce Standards, Standards can produce Minis). If you are seeking a particular size, don't hesitate to contact breeders in the other size categories.
